HAIL AND FROST.

A drive through the country at the present time should satisfy the sceptical visitor that our oft repeated assurance was founded on facts, and that this district is undoubtedly adapted for farming in all its branches. No such yields have ever before been seen in the settlement, and no crop has ever been garnered in better condition than the one now being actively operated upon by our people. While it is to be regretted that other sections of the Territory should endeavor to hurt our growth by circulating a rumor setting forth frost ravages along the Saskatchewan, the fact will be fully demonstrated in a few days that while hail and frost have combined to seriously affect crops, in other parts, only a very small percentage of our grain has been effected by either. Frost has shown itself in one or two locations where land was low and extra heavy, but the large area of country has not been visited, and in no section has hail done an atom of damage. While no accurate estimate of the yield can be ascertained, the best evidence of its quantity as well as quality is given in the satisfaction displayed by farmers themselves. This state of affairs is most fortunate. This season, above all others, the successful harvest which is being allowed was needed. Thousands of people throughout Canada and the border States have been looking towards our fertile belt for a new home. They, as well as ourselves, have been anxiously awaiting the completion of a railway. It is now here, and hundreds may soon be expected to immigrate personally the advantages which have long been written about, and which our district undoubtedly offers. Every country has its misfortunes. We, with others, have experienced ours; but, as has been shown on several occasions, an entire loss of crop from any cause has never been witnessed in the old established settlement of Prince Albert. This reputation, together with a large area of unoccupied farming lands, our pure water, our almost unlimited supply of hay, our lumber and undeveloped mineral and fisheries wealth must assure a great future to our town and country. We deserve all the smiles fortune

can bestow on us; for years we have been at work developing the choicest part of Canada's Territory. A railway has now penetrated it, and our settlers will not lose sight of the important fact that it can be used for their advantage.

DO THEY NEED WATCHING?

Responsible parties coming over the Qu'Appelle and Prince Albert railway inform us that every possible argument is being used, in Regina to dissuade incoming settlers and prospectors from making a visit to Prince Albert. We would hesitate before repeating so serious a matter as this, were it not for the fact that a multiplicity of evidence seems to stamp the report as true. It is hard to believe that any community of people, situate as Regina is, could be so lost to every sentiment of honesty or fair play that even a small proportion of its people would be found willing to resort to any such methods, reported as being used, for the purpose of building up their own settlements. The settlers already located in and about Prince Albert have, in the past, demonstrated their ability in looking after their own interests, and should the rumors now being circulated here prove true, we feel satisfied they will be found equal to an effort towards combating them, even though there should be arrayed against them this whole population of that country which secures its water supply from the mighty Pile of Bones and a well recently discovered a few miles north of the reservoir.

We notice by the Regina Leader that the immigration agent there has been instructed to proceed to some American States for the purpose of securing settlers for the Regina district. Now we have no objections to Regina settlements filling up as rapidly as possible, but we seriously object to a Dominion agent being employed, at our expense, for any such object. Our people are forced to go down into their own pockets for an immigration fund, and if the government are going to employ agents for particular localities, the sooner the public know it the better. We do not object to the system, providing it is made general, and every portion of the Territory treated with the same consideration which seems to have been meted out to Regina. Our committee might make an application for a good live man to carry out the scheme they have at present in hand.

We understand that Rev. D. J. Macdonnell and Dr. Warden will soon visit our town in connection with their duties as a special committee appointed at a late meeting of the Presbyterian General Assembly. Both being able men, any difficulties they may have to settle will be promptly and justly dealt with. We have no desire to intrude on the grounds of our River street friend, but would like to know his opinion as to the wisdom of republishing his significant article entitled "crooked proceedings in high places."

Mr. Macdonnell's work is well cut out, and for the next year he will have lots of material to work upon. We want an experimental farm, an industrial school, immigration buildings, surveys, the hay permit question remodelled, assistance for immigration work, and timber regulations made on a reasonable basis, as well as other important matters which will receive attention in due time.

The lamented death of our old friend and townsman, Col. Sproat, has made vacant one of our most important government offices and one that should

be filled at once. Mr. Clarke has made a careful and painstaking deputy and no reason exists why the Government should delay a single day in gazeteting him as Registrar. The public have every confidence in his ability and know that with him in charge, the courteous treatment always extended by the late colonel would continue to be a feature in the East Saskatchewan Lands Title Office.

Robert, thou art in the soup. Much stock grabbing, etc., hath made thee go off thy base. Perhaps there is no name in this town more wide open to adverse criticism than that of the whilom preacher-speculator, who now mismanages the affairs of the patent inside published in Prince Albert. Hitherto, however, we have studiously refrained from replying to the many low and indecent personal attacks which emanate continually from the office of the Saskatchewan. Recent attacks upon this journal and respectable private citizens whom it is wrongfully supposed are connected with us, leads us to infer that the editor is thirsting for a war of personalities. If such be the case, unpleasant a task as it will certainly be, duty compels us to do all in our power to accommodate, and we promise to him a veritable Waterloo, and will make it so intensely interesting to the party concerned, that dog rackets will fade into impenetrable insignificance. If, perchance, there still feebly flickers in his breast one ember of that teaching of which he was such a learned and competent expounder, we will hope for a discontinuance of the beastliness. If, on the other hand, as numerous evidences indicate, there does not, we shall not be very much disappointed. We pause, briefly, for an answer.

LOCAL HAPPENINGS

In Our Midst.

The Imperial Fruit Jars, in quarts and pints, for sale at F. C. Baker's.

Our town schools will re-open on Monday next.

Mr. F. P. Brothers, superintendent of tracklaying, was in town this week.

Applications were received this week, from Halifax, for copies of our district pamphlet.

J. F. Betts, M.L.A., leaves shortly for Regina to attend a meeting of the Advisory Council.

Goodfellow Bros. have secured the contract for the joiner work on Mr. Fish's new residence on the hill.

Operations are now going on for the boring of a well and the building of a water tank on the station grounds.

Mr. J. W. Hurd, has removed to his residence on the hill. It is one of the most comfortable dwellings in town.

Mr. T. Powers has completed the brick work on Churchill villa, Saskatchewan avenue, Mr. J. Stewart's new residence.

Rev. Mr. Stevenson will preach the regular quarterly temperance sermon in St. Paul's church on Sunday evening next.

The end of track is now so close that the tooting of the engine and the noise of iron layers can be distinctly heard in the town.

The Central School rooms have been thoroughly cleaned and made ready for school opening. They now present a bright and cheerful appearance.

T. E. Jackson has started his Soda Fountain for the summer season, and is prepared to furnish finely flavored ice-cold beverages at ten cents a glass.

D. Peterson has been appointed tax collector for the town for the ensuing year. Doug. is a hustler, and we have no doubt will give a good account of himself.

E. J. Cann has been appointed agent for Saskatchewan, for Stanley's "In Darkest Africa," and is prepared to receive subscriptions for the same. Call and see prospectus.

Hon. Senator and H. J. Montgomery left on Wednesday morning for the end of track. After a run to the Pacific coast, the hon. gentleman will return to Prince Albert for a short time before leaving for his island home.

THE TIMES is not responsible for the days Mr. Betts may choose for his trip east, but it objects to the *Saskatchewan* using its large circulation for the purpose of bringing discredit on the town. Our citizens never shoot on Sundays.

In the recent league matches shot throughout Canada, Const Carmichael secured the gold badge for best score in F Division team. Mr. David Williamson was the lucky man in the S P Rifle Association, winning the gold badge on that team.

Mr. W. Miller, our active immigration agent, has returned after two months' hard work, in Ontario, advertising the advantages offered for settlement in our district. We welcome him back, and congratulate him on the success of his mission.

F. C. Baker has just received a carload of flour from Winnipeg.

T. E. Baker has opened out a lumber yard on the corner of Third and McKay streets, and intends keeping a supply of all kinds of lumber on hand. This will be a great convenience to the residents of this part of the town. Mr. J. M. Coombs will have charge.

As may be seen by advertisement, our old townsman, Mr. J. Courtney, will open out a furniture store in the building west of R. Goodfellow's. Mr. Courtney intends keeping a first-class stock of furniture, and we have no doubt as to his success, which we heartily wish him.

At the recent entrance examinations held here in June last, fifteen out of seventeen of the candidates were successful, which speaks well for both teachers and children. The following are the names of the successful:—Morrison McKay; 614 marks; A Cameron, 569; T Clarke, 508; Willard Goodfellow, 501; Annie Deacon, 483; Christina Miller, 480; Bertie Jardine, 479; Frank Robertson, 460; Joseph Macdonald, 449; Arthur Jardine, 441; J. Douglass Maveety, 441; Roderick McTaggart, 421; Henry Oram, 420; William McBeath, 318; Bella Deacon, 375.

Sugar 10 cents per pound; Tea 30 cents per pound, and flour \$2 50 per sack, at F. C. Baker's.

Mr. Horn, M.L.A., of Vancouver, B.C., arrived in town on Monday last. Mr. Horn is an old timer of Manitoba, but was one of the first to identify himself with the rise and growth of Vancouver. For four years he has been chairman of the city board of works, and under his careful supervision much of the city's prosperity is due.

A valuable opinion comes from the Hon. David Laird:—"J. F. Betts, Esq., M.L.A., Prince Albert, Saskatchewan, will please accept our thanks for a copy of the Guide to the Fertile Belt, issued under the authority of the Lorne Agricultural Society. It contains most valuable information respecting the Saskatchewan Valley now being opened up by railway. We have glanced over the several articles in the pamphlet, and knowing the country, we can say that they do not exaggerate the advantages of the Saskatchewan Valley as a place for settlement.—*Charlottetown Patriot*.

On Saturday the 23rd inst. several of F Division M. Police met at the Queen's Hotel for the purpose of banqueting one of their comrades, Mr. Douglas, who had severed his connection with the force by purchase. An excellent repast was provided by the proprietor, Mr. Oram. During the evening several toasts were honored right royally, and some of the "old time" songs were rendered, amongst which we may mention: "Pass the tea and let us drink to the guardians of our land; you bet your life it's not our fault if whiskey is contraband." Mr. Douglas joined the Police in the spring of 1886, and shortly afterwards was transferred to Prince Albert, at which place he remained till Saturday, and consequently has lived in our midst for over four years, in which time he made a large circle of friends. He was a good cricketer and we suppose some of his opponents in the Prince Albert C. C. will not be sorry that the Police have lost a good bowler. He also helped to amuse and while away the long hours of a winter evening by taking part in the theatrical entertainments. In closing we can only wish Mr. Douglas future prosperity and *bon voyage*.

THE DOMINION ILLUSTRATED.

Since it came under the administration of the Sabiston Company, this fine and pictorial weekly has maintained its usual high standard of merit. Attention seems to be especially devoted just now to summer sports, particularly yachting and canoeing. The illustrations of Toronto yachts, of the Camp of the Canoe Association at Ile Cadieux, the views of the Montreal Field Battery (Col. A. A. Stevenson, commanding) on St. Helen's Island and other engravings in this issue are both reasonable and excellent. We hope the Sabiston Company will receive encouragement and support in this new adventure. The president, we learn, is Mr. R. White, Mr. Sabiston being managing director. The business office of the paper is in charge of Mr. J. P. Edwards. Address 73 St. James street, Montreal.
